FOTECOAT TRIO 3WSR

Diazo dual-cure photo-polymer emulsion; (with-out sensitizer); solvent and water resistant; blue.

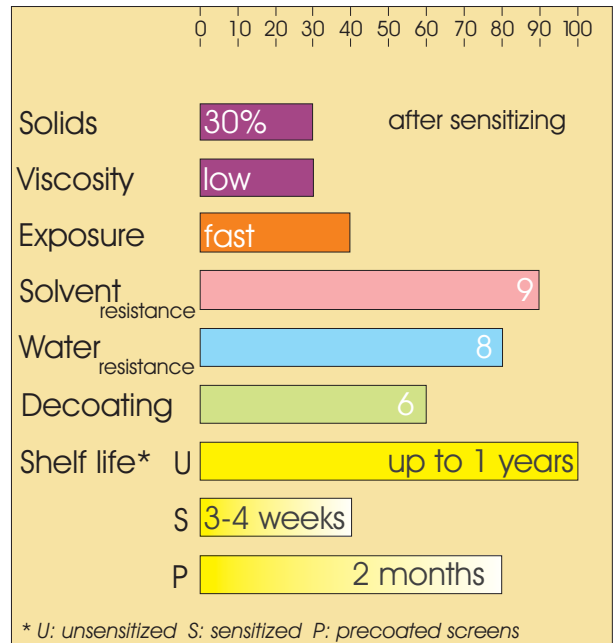

*No warning on the label.
Ecologically sound.*

General Description:

- Diazo sensitizer powder in sachets (A2 for 1 kg sets; A7 for 4,5 kg sets) is supplied separately.
- Can be sensitized with ammonium dichromate.
- Blue colour after exposure with good transparency.
- Excellent definition and resolution. Very short exposure time.
- Can be printed with aggressive inks containing solvents and for co-solvent ink systems. Recommended for short runs with textile inks.
